## Earth Day Special!

**Every year on April 22nd, we honor our planet by setting aside a day to do our best for the environment.**

**As a company, we destroy all our customers materials to the utmost quality and recycle the shredded documents to be made into new products. Therefore,**

**when you use our services you are not only protecting your identity and disposing of confidential materials, but you are also helping the environment.**

**In the spirit of Earth Day we want to offer a discount of 30% off your first purge with us. Make sure to mention this deal. Only offered for April 2018.**

## **Household Hazardous Waste Day 2018**

**Join us this Saturday, April 21st as we participate in this community-wide event to dispose of your hazardous materials.**

**Land Shark Shredding will be onsite to shred your documents and other confidential materials for free.**

## **National Association for Information Destruction Conference 2018**

**This month has been a busy one for Land Shark! Most notably, some of our members attended the annual NAID conference.**

**The NAID conference provides those in the information destruction industry an opportunity to gain more knowledge of the field as well as great opportunities for networking.**

**A highlight for us at Land Shark Shredding was announcing our President and CEO, Don Gerard (front row, far left), as the new secretary to NAID's board of directors.**

**We are so excited for Don and proud to be represented in this industry. We already cannot wait until next year's conference.**

---

## **Bowling Green Bourbon and Brewfest 2018**

We are excited to announce that Land Shark

Shredding is one again a sponsor for this year's Bourbon and Brewfest!

Bowling Green Bourbon and Brewfest is a community wide event that takes place this October 13th, starting at 1:00 PM at the Bowling Green Ballpark.

Tickets are now available!

## Spring Cleaning Tips

Here are some tips on how to freshen up your house like a pro!

- To clean your refrigerator, combine salt and soda water. It's the best combo of bubbling action with an abrasive texture to clean.
- Clean your screens with a scrap of carpeting. It doubles as a brush that removes dirt from your screens.
- Clean your fan blades by covering them with a layer of furniture polish, then gently wipe off excess.
- Clean windows with a tub of soapy water and a rag. Dry them with a dry rag. A windshield squeegee for a car works great too.
- To eliminate lime build up around your facets, lay paper towels over the faucet and handles, soak with vinegar and let it set for an hour. The lime deposits soften and are much easier to remove.
- If your curtains look dull, remove them from the window and

run them through the air-fluff cycle in the dryer with a wet towel (to draw off dust) for 15 minutes, then rehang immediately.
