10 Things Successful People Never Do Again

Dr. Henry Cloud discovered that there are certain realizations that people have in life and in business and that once they have them, they never go back to their old ways. Dr. Cloud asked "what are key awakenings that successful people go through that forever

change how they do things, which propel them to succeed in business, relationships and life?"

Things Successful People Will Never Do Again:

(1) Return to what hasn't worked - Whether a job or a bad relationship a successful person will never go backwards.

(2) Do anything that requires them to be someone they are not - We must ask ourselves in everything we do questions such as "Why am I doing this?" "Does this fit me?"
