

100% of the confidential paper documents & E-Waste we destroy for our clients are recycled. In 2010, Land Shark Shredding's destruction efforts lead to recycling approximately **683 tons** of paper, which directly saved:

- 11,611 Trees
- 4,781,000 gallons of water
- 2,732,000 KWh of Electricity (enough electricity to power the average U.S. home for **284 YEARS**)
- 53,957 gallons of oil &
- 2,253.9 cubic yards of landfill space

Our website has undergone its biggest makeover in company history! Take a look at the NEW LandSharkShredding.com!!! New features include online bill pay, mobile optimization, and cleaner menus. Other updates, such as customer experience surveys, are forthcoming.

-----NEWS FLASH-----

We had 3 opportunities for community shredding in the month of October. On Saturday the 24th, we shredded at Greenwood High School in Bowling Green and at Woodmen of the World Insurance in Hopkinsville. That day alone we recycled **12,000 lbs of material!**

Sustainability + your peace of mind = a better world

"Our 9th year of business has been our best one ever. We could never have achieved this level of success without you, our loyal clients. Although we may not say it nearly enough, THANK YOU for the privilege of being your professional information destruction company. It is, and continues to be, our honor to be your trusted security partner."

Sincerely,

Don Gerard, Jr., CPA, CSDS
President, Owner, and "Head Shredder Dude"
